

## Vision Area 2: Healthy Social Environments

### Objective 12: Reduce domestic violence

Domestic violence contributes greatly to the morbidity and mortality of Maryland citizens. In 2010, there were 4,019 domestic violence-related emergency department visits. Up to 40% of violent juvenile offenders witnessed domestic violence in their homes and 63% of homeless women and children have been victims of intimate partner violence as adults.

#### Statistics and Goals

Measure: Rate of emergency department visits related to domestic violence/abuse (per 100,000 population)
